Congressman Kenny Hulshof Joins KBS as Vice Chairman

St. Louis, MO – Kit Bond Strategies (KBS) is pleased to announce that former U.S. Congressman Kenny Hulshof will join the bipartisan firm as Vice Chairman and Partner.

“I am excited to join KBS. For a dozen years in elective politics, I had the opportunity to work alongside Kit Bond shaping public policy on behalf of our constituents. Today I’m pleased to join Kit’s team to work as passionately on behalf of our clients in the areas of public policy and business development,” said Hulshof.

KBS Chairman, former U.S. Senator Kit Bond, said, “On behalf of KBS I am proud to welcome Kenny to the KBS team. Kenny’s reputation, experience, and relationships will make him a tremendous asset and I am excited about his vision for the firm’s future. We look forward to having him as an active leader of KBS.”

Prior to joining KBS as Vice Chairman Kenny served in the U.S. House of Representatives for 12 years representing Missouri’s Ninth Congressional District and as a member of the powerful Ways and Means Committee. Most recently, Kenny served as vice chair of Polsinelli’s Public Policy practice.

“I have been privileged to work with outstanding colleagues at Polsinelli for the past several years, and I will continue to value those relationships and friendships as I move forward with my career,” said Hulshof.

Headquartered in St. Louis, Missouri, with offices in Kansas City, and Washington, D.C., KBS is a bipartisan business development and government affairs firm that effectively advances our clients’ agendas throughout the world.
